

# ZION NATURE CENTER TURTLE EXHIBIT FUNDRAISER

Community partnerships and support are important to improving the community we share. The Zion Nature Center recently underwent a detailed interpretive plan, updating our mission, programming, exhibits and message we want to convey to our visitors. A critical piece of that plan is a new exhibit and accompanying educational programming for our eastern box turtles. The turtles are currently housed in a large plywood box that makes it challenging for programming with groups and families. The new exhibit will add a natural aesthetic to the Zion Nature Center while making observation and programming easier for visitors and staff.

The Zion Nature Center and our Park Naturalist provides over 180 public, school and private programs each year, and interact with over 10,000 visitors. The new box turtle exhibit, signage and accompanying educational programming is estimated to cost \$9,500. Your generous investment will help us continue to provide programming and exhibits that have a positive impact on the community.

Zion Nature Center is located at 690 Beech Street. You can contact us at [naturecenter@zionsville-in.gov](mailto:naturecenter@zionsville-in.gov) for more information or to sign up for future park updates and programs.
